

MESSAGE FROM THE NEW MINISTER FOR LOCAL GOVERNMENT

I am delighted to be leading the development of new legislation for the Adelaide Park Lands.

The Adelaide Park Lands are one of our most valuable community resources. Through the mix of open space, cultivated areas and varied facilities, they support an immense range of activities which are as diverse as our South Australian community.

This Consultation Paper provides an opportunity for all South Australians to have their say about the future management and protection of the Adelaide Park Lands.

I believe this community discussion is essential if we are to reach an outcome which will protect the Adelaide Park Lands both for ourselves and our children. I look forward to receiving comments, and suggestions, from the South Australian public.
